Ron Gropp
WDNR

Mr. Gropp:

Wisconsin Consulting Foresters (WCF) recommends that the Private Lands Management Team defines a system to monitor the quality of DNR cutting Notices with consequence for repeated poor performance. Have a "3-Strikes-You're-Out!" policy as part of an audit system. WCF supports DNR staff taking time to do Cutting Notice Field Reviews. WCF does not support DNR Staff wasting time helping people fill out the Cutting Notice.

Sincerely,

Don Peterson
WCF Chair
